

# CHILDREN'S CLIMBING WALL

THE SALVATION ARMY  
SEATTLE TEMPLE CORPS./COMMUNITY CENTER  
9501 GREENWOOD AVENUE NORTH, SEATTLE, WA, 98103

## Echelon Advisory Board - Doing The Most Good!

### Here's what the team accomplished on Tuesday, April 17th, 2019:

- After learning that a children's climbing wall had been donated to the Community Center, members of the Echelon Advisory Board generously offered their time and talent to install it.
- Under the guidance of long-time King County Advisory Board member, Stace Grund of Tatley-Grund, Inc., a full service general contractor, the team quickly installed the climbing wall and then, of course, they had to test it out!

### Major Rob Reardon, Salvation Army Corps./Community Center Director:

*"It was wonderful to have members of the Echelon Advisory Board come and spend a couple of hours of hard work to install a climbing wall in our multi-purpose room.*

*Much of what we do with kids is focused helping them develop into well-rounded and productive adults. Being able to offer them the opportunity to work on their physical dexterity and strength by "climbing the walls" safely will be a great addition to our program!"*
