10750 GREENWOOD AVE NORTH, SEATTLE

Here's what the team accomplished on Saturday, March 23rd, 2019:

- Painted 3 community rooms
 - Two on the 2nd floor and one on the 3rd floor.
- Performed all the prep-work; tons of taping and laying of plastic drop cloths.
- Afterwards, everything was cleaned up and the rooms reassembled.
 - Extra paint and supplies were left for occasional touch ups.

The Salvation Army's Women's Rehabilitation Center:

We were thrilled to have the new Echelon Advisory Board dedicate their Saturday afternoon to helping enhance this facility. The team truly seemed to have a good time working together and doing this worthwhile project. The 20 women who currently reside here, doing the hard work to overcome addiction, are incredibly grateful.

About the Women's Rehabilitation Center:

The Salvation Army provides assistance for men and women who have lost the ability to cope with their problems and provide for themselves. The six-month program is free and graduates can stay up to an additional six months as needed. This center offers women the opportunity to regain their self-respect and acquire the life skills needed to take their rightful place in society. Many of those who have been rehabilitated are reunited with their families and resume a normal life.
